

OSBORNE'S PLUMBING & HEATING

To Our Valued Contractors,

Osborne's Plumbing & Heating has a lot to offer with over 100 years of combined experience in plumbing & heating. We have a very dedicated and experienced staff of plumbing & heating technicians and a 24 hour emergency service for nights, weekends and holidays.

We can install your well pump, put your plumbing vent through the roof, lay the radiant tubing in the floor, install an energy efficient boiler or build a metalbestos chimney~ just to name a few things.

You can rest easy knowing that we will stand behind our work for one year. We have a large inventory to meet all the challenges of building in Maine.

Our showroom offers a wide variety of fixtures and boilers for your customer's convenience. Let us help your customers with their decision making on what would best fit in their homes. Whether it is oil, gas, or air conditioning Osborne's can provide professional engineering so you know your customers are going to have a fuel efficient and comfortable home for years to come.

So call our office and let our friendly and helpful office staff assist you with your needs today.
