Terms and Conditions

1. We reserve the right to inspect and approve the heating system prior to issuing a contract. Improperly installed equipment not meeting state or local codes cannot be covered. Repair, if authorized, would be done at prevailing rates.
2. This plan covers only residential systems fired at 3.0 gallons an hour or less. Other systems (over 3.0 gallons an hour) are subject to increased rates available upon inspection.
3. Terms of this agreement are for a period of twelve months from the date of invoice and will renew automatically each successive year unless either party gives notice prior to the renewal date.
4. We will not accept liability for:
 - a. any work performed on heating equipment other than by our own technicians or others authorized by us.
 - b. any direct or indirect injury, damage or resulting failure of the oil burner, associated equipment or dwelling due to an act of God, unavoidable delays, fires, abuse, neglect or any cause beyond our control.
 - c. This plan does not cover, and we are not responsible for any damage including environmental damage, arising out of any leakage or spillage from any oil lines, oil tanks or any other part of your heating system.

Tank Protection Option is applicable only for replacement or repair from leakage, as deemed necessary and proper by Us. . It does not cover the cost of removal or replacement of any part of the building necessitated by the oil tank repair, or replacement of any oil lines to or from the oil tank or any other parts of your heating system. Osborne's Plumbing & Heating, Inc is in no way liable for any damage caused by leakage, spillage, or other escape of heating oil from the tank, or any part of your heating oil system. This option is not available for tanks over 330 gallons, or for underground tanks.
